Herbal Nutrition

The company is supported

by a leading company in the segment of supplying domestic and imported grains, seeds and teas. The know-how of decades in the import market guarantees inventory and great cost-benefit ratio.

The launch of our products follows simultaneously the innovations of the market.

Our suppliers are accredited and certified according to the highest quality national and international standards. We strictly follow the regulations in force in the country by the regulatory bodies.

The stand-up pouches allow for a clean layout with the necessary information for the consumer.

✓ Our quality is continuously monitored during each stage of production.

✓ All our products have analytical reports; we have our own laboratory.
